Dear Mr Atanasov

Confirmation of availability of Solid Waste Removal Service for the Proposed Vaal Aerotropolis Township to be established.

The Emfuleni Local Municipality hereby confirms its awareness of the proposed Vaal Aerotropolis development, including the establishment of a new international airport located within the Municipality's jurisdiction, west of the N1 corridor.

This letter serves to confirm that the Municipality will provide solid waste removal services to the township developments under this project. The Municipality will make provision for bulk refuse bins to be placed in designated refuse holding areas to be constructed by the developer in accordance with municipal standards.

These refuse bins (skips) will be serviced, removed, and replaced weekly or at intervals as determined appropriate by the Municipality. Waste will be transported to the nearest regional landfill site.

This commitment is made on the condition that all aspects relating to site access and vehicle maneuverability, yard space dimensions, gate specifications, ventilation, and any other relevant infrastructure comply with Emfuleni Local Municipality's requirements, applicable by-laws, and relevant standards. Final approval will remain subject to assessments and endorsement by the responsible departments within the Municipality.

Should you require any further information, please do not hesitate to contact the undersigned.

Yours in good governance.

**Mr. April Ntuli Pr Tech Eng, MSAICE, CDFA
Municipal Manager**
